

Miller & Rhoads' Is the Women's Bargain Bazaar

White Goods

One-Fifth to One-Third Under Present Market Prices

We bought these fabrics months ago to sell during January, 1908.

The prices asked by the mills at the time we purchased the fabrics were twenty to thirty-three and a third per cent. less than the same goods can now be purchased for.

Supply your spring and summer wants while the present prices hold.

Lady Cloth From the King Philip Mills \$1.89 per piece

Lady Cloth is made by only one mill in the United States—the King Philip of Fall River.

Although there are numerous inferior fabrics stamped "Lady Cloth," the genuine bears the King Philip stamp.

Our present stock is limited at the price of \$1.89 per piece of 12 yards.

Long Cloth, \$1.39, \$1.45, \$1.59, \$1.89 per piece

Four numbers from the King Philip Mills, which insure the cotton being the best in quality and finest in finish for underwear, 12 yard pieces; special prices, \$1.39, \$1.45, \$1.59, \$1.89 per piece.

White French Lawns, 45 Inches Wide, 15c and 25c yard

Fine, sheer French Lawns, that we purchased in the

spring of 1907 for January delivery in this year.

Since we bought these fabrics the prices have advanced materially, and the Lawns compare favorably with 25c and 35c qualities now offered in Richmond.

White Linen Lawns, 25c, 39c, 50c yard

Worth 39c, 50c, 75c yard

We bought them over a year ago, when prices were decidedly low. It's almost impossible at present to buy any pure linen lawn to sell at 25c yard. This particular quality that we offer at 25c can't be purchased to sell for less than 39c a yard; full yard wide.

Our Pure Linen Lawns at 39c and 50c yard are exceptionally good values, and will compare favorably with any now sold at 50c and 75c yard.

Second Week of the

Great Embroidery Sale

The sales have increased day by day during the past week, which is the best proof that the embroideries are just what the people want, and the prices are satisfactory.

Our regular stock of embroideries for spring is just the finest in every way that Richmond has seen for many a day.

You can get anything you want from the narrow edges up to the 27-inch waistings.

In connection with our usual spring order the importers sold us a lot of "specials"—first-class in every respect—for an early January sale.

If exclamations of delight and quick selling are any criterion to judge by, then our "specials" have been pre-eminently the best of the winter.

5c, 10c, 12 1/2c, 15c, 19c, 25c, 39c, \$1 yard for Edges, Interiors, Baby Sets, Flouncings, Waistings, &c, worth from 8c to \$1.69 yard.

Exceptional Values in Dress Goods

There's a reason for our offering and for your buying the Dress Goods advertised to-day.

Here it is—the fabrics are all new and there isn't a yard of cloth in Richmond or anywhere else that surpasses them in value at the prices.

RECOVERED JEWELRY

Handsome Pieces Stolen From Mr. Jones' Maid Is Gotten Back.

[Special to The Times-Dispatch.]

WILMINGTON, N. C., January 4.—As the result of the visit of the Joneses to their elegant winter home, Airline-on-the-Sound, one of the maids of the household came very near being minus some exceedingly handsome jewelry.

The theft of the jewelry took place at Airline, and by a small negro boy who had brought produce to the kitchen. Just how he purloined the articles, which consisted of a handsome watch, a costly necklace and several other pieces, has never been ascertained, the officers only being able to secure the lad into returning the property by promising not to prosecute him.

Hats.

The impression one gets of the new hats, as a casual inspection is that they reflect

nature. Last year it was enough if the milliners trimmed with formal shrubbery, but now the demand seems to be for real underbrush, until the effect is that of a natural thicket.

There is still a lack of height, which is after all the final character of sublimity. One comes off with the feeling that one's hatcases are after all rather flat. But cliffs, waterfalls with champagne leaping from crevices, all these will come in time, possibly by another season. For we advance rapidly in taste, once we are started.

It is a significant circumstance that garden vegetables are no longer worn. This is what might be expected. Garden vegetables are devoid of distinction now that every cucumber raises them.—Tuck.
